2 BED | 2 BATH

Oasis at the Floridian!

This is not your typical condominium, this is an expansive Oasis that offers room to grow! This 2 bed 2 bath (2nd bedroom is open to living space) boasts approximately 1,200 square feet and is flooded with natural light. 10' ft ceilings enhance the openness while the living / dining room affords endless layout possibilities. The galley style chef's kitchen offers gas cooking (which is covered by the condo fee) as well as an abundance of storage and multiple cutting areas which carry over into a 2 person bar. The living room carries on to the primary suite, as you enter the dual french doors you encounter a bedroom that is large enough for sleeping, office and lounging, all in one! The storage is abundant with 3 living area closets and an expansive, walk through primary closet with hanging on 2 sides. As you pass through the primary closet you enter the spa like en suite bath with shower stall, separate tub and dual vanities. The private exterior terrace expands the living space and offers stunning City View and an obstructed sightline of the Washington Monument. In addition to your private outdoor sanctuary that building also offers a communal roof deck with multiple seating & dining areas along with SWEEPING Views on the City! The icing on the cake is that the brand new WHOLE FOODS is an elevator ride away, located directly next door.
