Chevy Chase | 6 Bedrooms | 4.5 Bathrooms | Private Elevator

A Stately 1912 Adams Colonial Revival Residence in Historic Chevy Chase DC

A Legacy of Classic Washington Living

Situated on one of the prettiest and most iconic streets in the neighborhood, this remarkable property was designed by architect A.E. Landvoigt, who helped shape the very character of Chevy Chase. This historic block has long been part of Washington's political and social fabric, once hosting evenings where President Truman played poker and where figures such as John Kerry and John Lindsay frequented as well. Rich in legacy and presence, the home embodies the grandeur and architectural distinction that define classic Washington living. A gracious covered front porch with original fluted columns introduces the home with timeless elegance. Inside, 9-foot ceilings, original dark oak floors, crown molding throughout the first level, custom wood radiator covers, and preserved millwork highlight the home's enduring craftsmanship. A standout feature of the home is the large heated elevator seamlessly added in 2022, servicing three of the four floors (excluding the basement).

The formal living room boasts a beautifully carved original mantle surrounded by elegant green marble. At the rear of the home, a stunning family room unfolds beneath 12-16-foot vaulted ceilings. Built-in bookcases throughout the home add both character and functionality. The adjacent kitchen is thoughtfully designed with white cabinetry, granite countertops, stainless steel appliances, a glass tile backsplash, and a butler's pantry. French doors lead to a beautifully designed outdoor setting featuring a Trex rear deck, bluestone slate terrace with a dedicated gas line, fire pit, and a lush garden of hydrangeas. Spanning six bedrooms and four-and-a-half baths, the residence offers remarkable flexibility. The second floor includes three spacious bedrooms and two full baths, along with a seating area beneath a Palladian window and a dramatic staircase that leads to the third level. The extra-large primary suite features a walk-in closet and a beautifully appointed en-suite bath with double sinks, a separate soaking tub, and a glass-enclosed shower. Two additional large bedrooms, a linen closet, and a hall bath complete the level. The top floor provides two more bedrooms, a full bath, and large storage eaves. The lower level includes a fully self-contained in-law suite with a private entrance, kitchen, living area, bedroom, and bath.

Recent improvements include a newly lined and rebuilt fireproof fireplace, a new gas boiler, all new windows, and an updated HVAC system, ensuring modern efficiency while preserving historic integrity. The setting offers outstanding walkability, with Metro access and multiple bus routes just moments away. Enjoy effortless proximity to the boutiques and dining along Connecticut and Wisconsin Avenues, as well as neighborhood institutions like Politics and Prose and an array of acclaimed restaurants just steps away. Throughout 3804 Jenifer Street NW, original architectural elements have been thoughtfully preserved, reinforcing the home's historic pedigree while delivering the scale, comfort, and amenities expected today. A rare opportunity to own a residence of such stature and history on one of Washington's most distinguished streets.
